

# Meet Guide #1: Getting to Know Each Other

Welcome to your very first Student to Stemettes mentoring session! We've put together some suggested activities to help you and your mentee get to know each other and make the most of your time together.

If you have any questions, please message the team in Microsoft Teams.

## Communication Confirmation

- When will you be checking your Teams space?
- What are the best times to contact each other? Any times to avoid?
- Be honest and realistic with response timings, what is acceptable to you?

## Two Truths and a Lie

- Tell each other three sentences - two true, one false - about yourself
- The other person will then guess which one is the lie
- The more unusual the information, the harder it will be for them to guess!

## Personality Test - [www.16personalities.com](http://www.16personalities.com)

- You should both complete this test separately - usually best to do before the call
- Once you have your results, compare the traits that you have in common, as well as the ones you don't.
- This is a great way to get to know each other and also, learn about your strengths and weaknesses!

# Meet Guide #1:

## Getting to Know Each Other

### Quiz Each Other!

Share and discuss your answers to the following questions with one another:

What do you hope to gain from this mentorship?

What is your favourite food?

Best STEM moment so far?

Do you have any siblings?

Early bird or night owl?

Do you have any future career goals?

If you were in the Olympics, what sport would you compete in?

What's a place you want to travel to?

Favourite TV show at the moment?

If you were a superhero, what would your superpower be?

If you had time machine, where would you go back to?

What is your biggest fear?

Favourite school/college memory?

Invest more in space exploration or improvements here on Earth?

### 🕒 Before you Finish...

- Set your next meet up date and time
- Claim your points for this meetup and a fun selfie screenshot through the link in Teams
- If you're posting on social media, tag us and use #studenttostemettes
