

## Starters 5-10 mins

**Announcements**..... 1 min  
Share club member achievements.

**Snack, Cackle & Pop**..... 2 mins  
**Snack:** Bananas. Yummy  
**Cackle:**

Google is useless

**Pop:** Stemillions playlist on Spotify:  
[bit.ly/stemillionsplaylist](http://bit.ly/stemillionsplaylist)

**Meet Her**..... 5 mins  
Angela Taylor is a Software Engineer at Google. When she first joined Google she was working in HR but she fell in love with programming so much that she started taking evening coding classes. At university, Angela majored in Communication Studies with a double minor in English and Film & Media Studies, she does not have a degree in Computer Science.

**Watch:** [bit.ly/052MeetThem](http://bit.ly/052MeetThem)

### Discuss:

- ★ Growing up, Angela wanted to be an actress. What do you want to be when you are older?
- ★ What do you think it's like to work at Google? Look at how cool their offices are: [bit.ly/052discuss](http://bit.ly/052discuss)

## Mains 20 mins - choose ONE only

**MAKE**..... 20 mins  
Download POP Marvel app (Prototype on Paper - free in the app store) onto your phones: [bit.ly/make052](http://bit.ly/make052). Work in small groups using this app to design an app for your Stemillions club. Design the app on paper, then take photos of your designs and edit them into an app using POP. If you have time at the end of your club, have a look at everyone else's apps and decide on a winner.

**EXPLORE**..... 20 mins  
Google often uses temporary alterations to the Google logo to celebrate the birthdays, anniversaries, achievements, etc. of people from all over the world. These are known as Google Doodles, you've probably seen them before. For this activity, you need to research a female STEM role model and create a Google Doodle for her. It could be celebrating her birthday, a discovery/invention, anniversary, or anything to do with her. If you have time, show your designs to the club and explain why you decided to choose this woman and what is going on in your Google Doodle.
