### Mains 20 mins - choose ONE only

**MAKE..... 20 mins**  
Mari-Ann's job takes something she loves (make-up) and combines it with tech (apps). Take one thing you love (hobby, sport, band, etc.) and create an app for other people to share your passion.

Design each page of your app on a piece of paper.  
Think about:

- How much will your app cost?
- What is your app called?
- What are the unique feature of your app?

Post photos of your app designs on MightyNetworks or Twitter and tag @Stemettes.
