

60 mins  
**Barbara  
Skender**

## Starters 10-15 mins

Snack, Cackle & Pop..... 2 mins

Snack: grab a snack before beginning!

Cackle:

**Pop:** Stemillions playlist on Spotify:

[bit.ly/stemillionsplaylist](http://bit.ly/stemillionsplaylist)

**Meet Them**..... 5 mins

Barbara is an Associate Web Engineer at ASOS. She studied Biology at university for her Bachelor's degree and has two Master's degrees: one in Experimental Biology and the other in Primatology. Primatology is the study of the behavior, biology and evolution of primates like chimpanzees. As a web engineer, Barbara is involved in the design and development of web applications.

**Discuss:**

- ★ What do you think of Barbara's job?
- ★ What other primates can you name?

## Desserts 5 min

Share with us ..... 1 min

Upload photos on [Twitter](#) or [Instagram](#) and tag @Stemettes and #Stemillions.

Digest..... 2 mins

Digest this Meal Plan - fill out the feedback form.

## Mains 20-30 mins - choose ONE only

**MAKE**..... 20 mins

**Ingredients:** paper, colouring pens/pencils or something to draw with.

Web engineering involves designing and developing web applications. Can you design an app that would have helped Barbara with her experimental biology?

The app can help with one aspect of an experiment or with lots of different ones! Have a think about any experiments you have done and what could help.

Think about...

- ★ Who would use the app?
- ★ What does it look like?
- ★ Is it a web app, mobile app or both?

**EXPLORE**..... 20 mins

**Ingredients:** paper, colouring pens/pencils or something to draw with.

Primatologists study primates to try to understand more about them. Can you research a primate and make a poster about it?

Once you choose your primate here are some things you might want to include in your poster:

- ★ A drawing or picture of your primate
- ★ Where it can be found
- ★ Is it endangered?
- ★ What are some distinctive characteristics or facts about your primate?
