Meet Her..... 5 mins

I'm Lella a first-year A-Level student studying English Literature, History & Politics. Beyond the classroom, I work with global tech companies, such as IBM, to work towards diversifying the tech industry by creating more opportunities for young people with non-traditional journeys! In my downtime, I enjoy reading, singing in Choir, voicing my opinions in heated political debates.

Discuss:

- ★ If you could ask Lella any questions, what would you ask her?
- ★ Lella's favourite STEM subject is tech, what is yours?

Mains 20 mins - choose ONE only

MAKE..... 20 mins

Ingredients: Laptop/computer and wifi access.

Lella's favourite STEM subject is technology. In this activity, you will make a scratch project that tells people more about your favourite womxn in technology. First of all, do some research about a woman in tech, find out about what their career is like and how they got to where they are today. Then take all your findings and make them into a video or game on scratch. If you don't have an account already, [you can set up a Scratch account here](#). Code a Sprite to share all the facts about your womxn in tech. If you are new to Scratch, [you might want to take a look at these tutorials](#).

EXPLORE..... 20 mins

Ingredients: Pens and paper or computer/laptop.

Lella likes to show that tech is for everyone. In this activity, you will take a look at all the amazing women in tech. You might have seen the [STEM role model posters by Nevertheless She Persisted](#), these posters highlight the diversity of women in STEM, which women in tech do you think should be added to this poster series? Design your own poster either using pens and paper or on a computer. Remember to include their name and a short paragraph about what this womxn did. Once you are done with your poster, share this with your school so more of your peers can learn about womxn in tech.

Ask Them..... 2 mins
