

STEMETTES⁺

Sustainability

SECONDARY TAKEAWAY MENU | 11-16 YEARS

Climate change, global warming, pollution - all negative words. But we can take positive action to save our planet today with the activities below.

Pollinators

Have a go at this piece of interactive artwork to build a garden that pollinators love.

TRY

Nature Careers

Read through this Zine article to learn about the different careers you can have to help the planet.

READ

Whales

Explore this session with Dr Ellen Coombs to learn about how whales can save the planet!
