

Space

Primary Takeaway
(5 - 11 years)

This menu contains our pick of some out of this world STEM role models who work in the field of Outer Space. Find session replays and activities to k provide STEM inspiration.

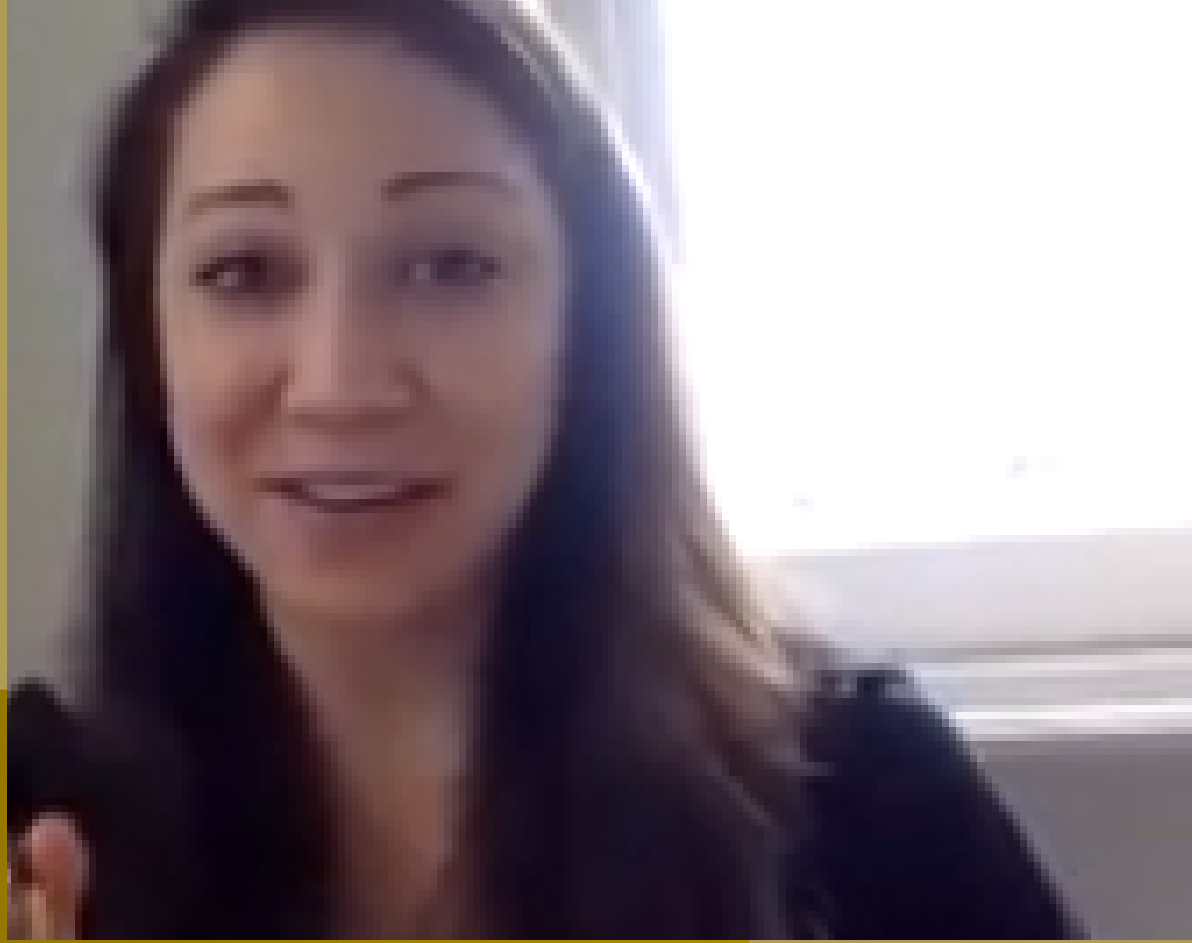

We'd like to thank our role models for being a part of these sessions.

As this menu is designed for little Stemettes, we recommend parental supervision for all activities.

Meet Dr Merritt Moore

In this session we hear from Dr Merritt Moore- a Quantum physicist and Ballerina. Find out what her job involves and grab some activities to do at home. 35 mins // 6th April 2020
